QUADCANE

Slim Array

Introducing the XSCACE QuadCane, a groundbreaking speaker that challenges all expectations. This ultra-slim marvel, crafted from aerospace-grade aluminum, stands just 0.8 inches thick while delivering a staggering 100 watts of pure sound power. Equipped with cutting-edge Nano Resonance and PrecisionXover Array technologies, the QuadCane offers an unparalleled auditory experience. Its sleek, screwless single-body design ensures a seamless look that complements its impressive performance. The QuadCane: where slender sophistication meets thunderous sound.

Premium Collection

Hear music that is true to the artist's intent.

This slim speaker doesn't just deliver sound—it brings you closer to the artist's intent, revealing every nuance and detail in your favorite tracks. Whether you're streaming a beloved album or immersing yourself in a film, the QuadCane elevates your audio experience, transporting you to a realm of pure, unadulterated sound. Let the QuadCane redefine your listening experience with its powerful and precise audio performance

The background of the image is a piece of marbled paper with a complex, organic pattern. The colors are primarily black, dark brown, and light brown/tan, creating a swirling, vein-like texture. The pattern is dense and covers the entire frame.
